Office of Electricity Delivery and Energy Reliability, OE-20
U.S. Department of Energy
1000 Independence Avenue SW.
Washington, DC 20585-0001

Dear Dr. Pell

I am opposed to the Presidential Permit proposed for "Energía Sierra Juárez" on the US/Mexico border (OE Docket No. PP-334).

The environmental impacts of this project have not been adequately evaluated, and permits should not be issued until the applicant has demonstrated that it is in compliance with Mexican law and that the energy produced meets the California Renewable Energy Portfolio Standards.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Stallcup".
